

Material:〈Bracket〉Stainless
 〈Door Stop part〉Rubber
 Load Capacity:294N(30kg)
 Left or Right-Hand:Common use

Raw Material
(Rubber Color:Black)

Gold

Raw Material
(Rubber Color:White)

Technical drawing showing dimensions (mm):
 162 (Upper Frame width)
 148 (Hinge arm length)
 26.5 (Hinge pin diameter)
 21.5 (Hinge pin hole diameter)
 2 (Hinge pin hole offset)
 36 (Hinge pin hole offset)
 Labels: Upper Frame, Hinge, Door

Material:〈Bracket〉Stainless
 〈Door Stop part〉Rubber
 Load Capacity:294N(30kg)
 Left or Right-Hand:Common use

Technical drawing of a gold-plated metal component, showing two views: a perspective view and a top-down view. The component is L-shaped with a flat base and a vertical end. The top-down view includes the following dimensions:

- Overall width: 33
- Base width: 21
- Base length: 12
- Vertical end width: 11
- Vertical end length: 79
- Overall length: 90
- End width: 6
- End thickness: 2
- End hole diameter: $\phi 15$
- End hole offset from edge: 10
- End hole offset from center: 7.25
- End hole diameter: $\phi 24$
- End hole offset from center: 12.5

Material: 〈Bracket〉Stainless
 〈Door Stop part〉Rubber
 Load Capacity: 294N(30kg)

Figure 1 shows a comparison of the raw material and the gold-plated part. On the left, two physical parts are shown: a dark grey 'Raw Material' and a gold-plated 'Gold' version. On the right, a technical drawing of the part is provided with the following dimensions: 27.5, 2, 25, 40, 105, 13, 115, and a hole diameter of 22.

Material: Resin

The image shows a technical drawing of a rectangular air vent. It includes three perspective views of the vent in different colors: Natural Wood, Medium Birch, and Ivory. Below these is a detailed cutaway view showing the internal structure and dimensions.

Dimensions (mm):

- Overall width: 334
- Overall height: 63
- Internal width: 310
- Internal height: 60
- Top flange thickness: 6
- Bottom flange thickness: 1.5
- Bottom flange depth: 84
- Internal width (excluding flanges): 313
- Internal height (excluding flanges): 63
- Bottom flange radius: 4-R6

Color Options:

- Natural Wood
- Medium Birch
- Ivory

Material: Resin, Stainless
